COURT NEWS.

On last Saturday E. D. Jones recovered \$4,500 and costs in a damage suit against the Louisville & Nashville Railroad Company. Mr. Jones was going to Louisville with a carload of cattle last February and, when the train reached Wheeling, the cattle were left in the car to go to the rear to see about his cattle and walked off into a creek, falling into the water 20 feet below. The night was dark and cold. He was considerably injured by the fall and brought suit against the Railroad because the agents in charge of the train neglected to warn him of his danger. Messrs. Petree & Downer are the attorneys for the plaintiff and Messrs. Feland & Wood for the defendant. The defense has filed reasons for another trial.

Two more indictments were returned by the grand jury Monday, viz.:

Henry Marth, shooting at another.

The case of M. G. Radford has been continued till the next term.

Geo. Green, col., grand larceny.

The latter was arraigned in court Wednesday morning and Mr. H. J. Stites appointed to defend him but as he was being returned to jail he suddenly took leg bail, out-ran the jailer, escaped and is still at large. He is charged with stealing a spring-wagon from Wm. Coburn last year worth \$35.

Jim Vandyke, col., charged with the murder of Zack Bristow, in this city, nine years ago, was tried and found guilty of manslaughter and his punishment fixed at 5 years in the State Prison. The prisoner was defended by Mr. C. H. Bush.

The trial of Thos. Witty for the killing of Geo. Blair, col., was concluded yesterday and the prisoner acquitted. Witty shot and killed Blair at Casky station, as he was making his escape after having burglarized a store. Henry & Payne representing the prisoner and county Attorney Sebree spoke for the Commonwealth.

DIED.

TRIBLE: At the residence of his father, Peter Tribble, Esq., on Wednesday, Sept. 17, Peter Tribble, Jr., a bright and promising little boy. The remains were interred on the premises of Mr. Tribble, one mile from the city, on the Palmyra road, yesterday afternoon.

SKARRY: At his late residence on Nashville street, this city, Tuesday Sept. 16, Mike Skarry, an old and well-to-do citizen. He leaves a family.

In a literary and artistic point of view, Demorest's Magazine for October is an admirable number. The frontispiece, "Deer Ducks," which is something new in art, is very beautiful, and the other illustrations are excellent. Among the articles especially worthy of note are, "Student Life in Paris," "Down the Red Sea," "Pope's Villa at Twickenham," and "How We Live in New York," by Jennie June. The stories are entertaining, the poems good, and the various departments are replete with useful and agreeable reading such as is acceptable in every household.

Of the hundred large cities in the United States, standard time has been adopted in seventy eight. Of course the city of Hopkinsville cannot afford to be behind, especially as our enterprising jeweler, M. D. Kelly, keeps us the standard.

Mr. August Pherson Eugbergh and his sister, Miss Joanna Pherson Eugbergh, left their parental home in Sweden three weeks ago and arrived here last week. They are now with their relatives, two Swedish families on the Madisonville and Poor House roads.

Here is said to be a sure cure for corns if used according to directions: Extract the juice of two lemons, put into a bottle with six pearl shirt buttons; in a few days the buttons will have dissolved, then pare the corns close, apply with the finger for a few nights until cured.—Madisonville Times.

The Knights of Pythias of this city are making arrangements to run a special train to Hopkinsville October 1st, to afford those who desire to go an opportunity to witness the prize drill by K. of P. and be present at the ball and banquet that night. They will return some time during the night of the 1st. It is hoped that a large crowd will go.—Henderson Reporter.

Mr. M. Lipstine, the old and well-known dry goods merchant, advertises his fall stock in this impression. He has a full and complete stock of dry goods, notions, clothing, boots, shoes, etc., which he proposes to sell at very low prices. His store on west side of Main street is chock full of new goods and those wishing to purchase goods in his line would act wisely to inspect his mammoth stock before buying elsewhere.

Messrs. Jones & Co., the popular dry goods merchants, have just received their new stock of fall and winter goods, to which they invite the attention of the public. They propose to keep one of the most complete and select stocks in the city and defy competition in low prices. They are old and strictly reliable dealers and the public may rely upon any representation they may make. Give them a call before you buy your fall and winter goods.

In another column will be seen the conspicuous advertisement of Jno. T. Wright, the enterprising young clothier on the corner of Main and Bridge streets. He made a change in his business Sept. 1, and no longer deals in dry goods but makes a specialty of clothing and gents' furnishings goods. His stock now embraces everything that a man or boy can wear and is new and select throughout. He also makes suits to order and guarantees fits in every instance. His motto is "Wright wrongs no one." He will make it to your interest to trade with him. Give him a trial.

Mrs. M. L. Mathis, of Golind, Tex., has been at Cerulean Springs for about two weeks, drinking the water for a very serious malady with which she has suffered for years. She has tried many noted physicians but has received no permanent benefit. She was visiting relatives in Paris, Tenn., this summer and was advised to go to Cerulean. Although she has been using the water but two weeks she has already been much benefited and how has strong hopes and excellent prospects of a permanent cure. The waters of Cerulean are truly wonderful in their curative properties.

A fire broke out in the third story of Cooke's building, on Franklin street, in Clarksville, Tenn., near the starting place of the great fire of last Sunday. The fire originated in a colored lodge room and it is supposed it started from a cigar stump thrown into a spittoon filled with sawdust. The loss on the building was \$2,000. The Democrat office was damaged \$500; Hendricks' queensware store, \$250, and E. B. Ely and Ligon & Gardner were also slightly damaged. The fire was soon put out by the water works and fire department. There was but little, if any, insurance on the property destroyed.

APPROACHING FESTIVITIES.

The Coming K. of P. Ball and Banquet. A Grand Affair.

Desirous of keeping the people posted about the approaching K. of P. entertainment, which will be the most magnificent affair ever given in the city, a reporter of the South Kentuckian applied the pump to Mr. Bryan Hopper, chairman of the Ball and Banquet committee and elicited the following facts:

R.—I suppose your committee is making big preparations?

Mr. H.—Yes sir, and you may say that we intend to give the grandest ball and banquet ever given in Southern Kentucky.

R.—Where will you find rooms large enough?

Mr. H.—As has been stated, we will give the banquet in Abernathy & Co.'s large warehouse and the ball will be at the Skating Rink.

R.—How many invitations have been sent out?

Mr. H.—We have sent out 600 invitations to young ladies to attend the ball and banquet. They have been sent to all our sister cities and to many points in other states. We expect at least half of these to be in attendance and in addition the lady members of the families of Knights are also expected though no invitations have been sent to them. We expect in all from 350 to 400 ladies and equally as many men, so we will prepare a banquet for about 800.

R.—You expect, then, as many ladies as you do gentlemen?

Mr. H.—Yes for the reason that no gentlemen except Knights will be allowed to attend either the ball or banquet. We have been forced to adopt this regulation, hard as it may seem, and the rule will in no case be departed from. We have, however, a special committee to look after visitors who may come from a distance.

R.—Young ladies, then, are expected to make engagements to attend the ball with Knights only.

Mr. H.—Most assuredly, as otherwise their escorts would not be allowed to enter, as a door-keeper will be appointed who will know just who is entitled to the privileges of the order.

R.—Who will prepare the banquet?

Mr. H.—The Lodge has engaged Mr. W. H. Felton to superintend the preparation of the banquet. We will have the warehouse piped for gas, and no effort will be spared to make it attractive. We will call upon our lady friends to help decorate the banquet and lodge rooms.

R.—Both the banquet and ball will be held the same night, I understand.

Mr. H.—Yes, the ball will begin at 9:45 o'clock, and about 11 o'clock all will repair to the banquet hall, and after the feast the dancing can be resumed and kept up as long as may be desired. The date fixed upon is Wednesday, Oct. 1st.

The vacant lot between the Bank of Hopkinsville and Schmitt's saloon on Russellville street, where once stood the business house of D. M. Taylor, will be again built up with a handsome two-story brick structure which will be used for a saloon and restaurant. Work has already been begun on the foundation.

The North American Review for October is notable as well for the importance of the topics treated, as for the eminence of its writers. The leading article, "Moral Character in Politics," is by President J. H. Seelye, whose exposition of the ethical principles involved in the popular election of candidates to high station in the Government must command the attention of every right-minded citizen. "Benefits of the tariff system" a sequel to the article in the September number on the "Evils of the Tariff System" is a symposium consisting of three articles, written respectively by John Roach, Prof. R. E. Thompson and Nelson Dingley, Jr., who advocate the policy of protection of American industries with great ingenuity of reasoning and abundant citations of statistical fact. In addition to these most timely discussions of high political issues, the Review has an article by the Rev. Dr. Augustus Jessop, entitled "Why I Wish to visit America"; "The Philosophy of conversation" by O. B. Frothingham; "The Origin of Yellow Fever" by Dr. C. Creighton; "Shall the Jury System be Abolished?" by Judge Robert Y. Hayne; "The Genesis of Tennessee's Maud" by Richard Herne Shepard; and "The Development of Machine Guns" by Lieut. C. Sleeman.
